Chief, Services Division	31 May 1950
Legal Staff	
Contract	
1. Following our recent teleph reviewed the file in t is case and t regarding the nourly rate and those actually charged.	
2. It is our understanding that maximum of \$200.00 per month. Fisca rate of \$1.15, computed in accordance letter of 14 March 1950 to In acknowledged the \$1.15 rate and their accounting practices conformathey have incurred excessive charges parently as the result of salary pay rather than \$1.15, although the maximaxeeded. Invoices were returned to tual number of hours worked, and no	l broke this down to an hourly e with the description in your a letter dated 27 March 1950, specifically agreed to make has now discovered that in the amount of \$200.00, apments computed at \$1.25 per hour mum \$200.00 monthly has not been for correction of the ac-
3. Whatever the incheate intenting reaching an agreement on the computant is explicit on its face and we working of Article 2 a., specifying sible to supplement the file with ad the parties intended the \$1.15 rate mechanic in reaching a \$200.00 maximally be submitted to the General Account of the submitted to the submitted to point out ficult, if not impossible, todevelop clear and its terms were accepted by tion of the agreement itself, but all 27 March 1950.	find it difficult to avoid the \$1.15 per hour. If it is posditional proof that neither of to apply except as a fiscal um, the contract could conceivabning office for reformation.  that we feel it would be difficult proof. The contract is
here, and as the Comptroller General 20 Comp. Gen. 418, page 420: "It is agents and officers of the Government the money or property of the United rights which have accrued to the Unicontracts without a compensating bening appears here to justify or authorn that particular case advanced lab	a long established rule that t have no authority to give away States, to waive contractual ted States, or modify existing efit to the Government, and noth- rize a departure from that rule."

not appear to be grounds for relief in the absence of clear error or misunderstanding. In any event, the proper person to make the determination would not be the Contracting Officer, but the General Accounting Office, as the Comptroller pointed out in his opinion of 15 Comp. Gen. 238 in a case where reformation was sought on the basis of a mutual mistake. To quote: " Administrative officers of the Government are without authority to reform contracts under which the United States has obtained vested rights as in the instant case. Reformation of contracts is a judicial, and not an administrative function, and may be effected only when the established facts fully justify such action. \* With respect to obligations of, and those in favor of, the United States, however, the jurisdiction being in the accounting officers of the Government to make final settlement, the procedure has long been and operates to save the cost and delay of litigation, on submission to them of the facts fully justifying, to authorize adjustments having a like effect." The file, in its present condition, does not warrant submission to the GAO.

5. As we have pointed out verbally, any hardship on the Contractor tractor or his employees can still be avoided. Since the Contractor has indicated that the actual number of hours worked was not properly computed, and since there is no limitation to a 40-hour workweek, the invoices could be revised to reflect the actual number of hours worked at a \$1.15 rate. Subject to the \$200.00 monthly limit, we presume this would absorb the expense which could not be allowed at \$1.25 per hour on a 40-hour week.
